

Job Description

Corporate Controller

Location: Fairfield, NJ

ASPEO, Inc. is seeking a strong financial professional to help manage its day-to-day and strategic finance functions. This position is more than just financial – it's tactical and strategic. The qualified candidate will understand how technology outsourcing benefits organizations and will have key strategic insight in this area, along with proven experience.

Responsibilities

- Direct all accounting, reporting, compliance and financial systems functions.
- Responsible for the accounting operations of the company (AP, payroll, AR, etc)
- Prepare monthly, quarterly and annual financial statements
- Provide financial projections by coordinating budget/forecast preparation; collecting, analyzing, and consolidating financial information; advising departments on the collection and analysis of data
- Develop accounting organizational strategies by contributing accounting and financial information, analysis, and recommendations to strategic thinking and direction; establishing functional objectives in line with organizational objectives
- Maintain sufficient funds by forecasting cash requirements and obligations
- Minimize legally required taxes by studying regulations; presenting tax strategies to management; filing returns
- Maximize sales margin by recommending product and service pricing policies
- Protect assets by establishing, monitoring, and enforcing asset management and internal control policies and procedures
- Monitor and confirm financial condition by conducting timely account analysis and reconciliations, and conducting periodic audits of contract manufacturers and other third party contractors
- Conduct analysis of cost of operations and identification of cost reductions and other operating efficiencies
- Conduct profitability analyses

Job Requirements

Ideal Background, Skills and Attributes:

- Degree in accounting - CPA / MBA preferred
- Must have at least 5-8 years progressive financial work experience in a high growth technology environment.
- Familiarity with technical accounting guidelines, pronouncements and emerging issues including: Revenue Recognition, Stock Based Compensation, etc.
- Financial modeling
- Budgeting / Forecasting
- Strong familiarity with implementation / management of enterprise and financial software packages.
- Enthusiastic, flexible individual that will work effectively with a variety of teams in a multi-tasking environment. Equally important are strong interpersonal skills and an entrepreneurial spirit

Company Overview

ASPEO, Inc. is a leading provider of IT consulting, outsourced software development, staff augmentation, and IT project management services. We offer an array of end-to-end solutions that address multiple business objectives. ASPEO's management team and consultants have years of experience developing solutions for customer self-service, content & document management, ERP, CRM, data warehousing, and more. Our solutions help our clients align their IT goals with their business strategy, empower growth, increase productivity, accelerate implementation cycles, and maximize return on their application investments.

With US headquarters in the New York Metropolitan area and a Global Development Facility located in Kiev, Ukraine, we enable our clients to take advantage of offshore cost savings, advanced technologies in solution design, and highly-skilled domestic project management resources. Our global delivery model speeds development, ensures quality and significantly reduces your cost. In short, we have the industry and technical expertise to empower innovation and accelerate your application development and integration.
