

Job Description

Test / QA Engineer

Location: Kiev, Ukraine

Join our development team if you are bright, a fast learner, have excellent analytical and problem-solving skills, like working in cohesive teams, and enjoy challenging assignments and innovations. With ASPEO you will have an opportunity to grow and enhance your skills in a challenging and supportive environment.

Responsibilities

- Review application functional requirements and create test plans and test cases to ensure that overall quality is delivered and application meets functional requirements
- Responsible for regression testing, logging, tracking, and resolution verification of defects
- Work closely with the management team to identify opportunities, alternatives and solutions to gain efficiencies in the software development life cycle and to minimize the defect rates
- Document and track defects while interfacing with developers and business users
- Create test evaluation reports that enable developers to reproduce issues

Job Requirements

Ideal Background, Skills and Attributes:

- Minimum of 2 years of QA experience
- Significant knowledge and understanding of testing process and methodologies
- Working experience in the field of application testing
- Experience writing technical documentation (requirements gathering, testing criteria and specifications)
- Experience testing ASP.NET applications
- A test-to-failure attitude
- Ability to learn and test new applications rapidly
- Ability to work on multiple projects and/or tasks simultaneously and independently

General

- Excellent compensation
- Office location in the Kiev Centre, 2 minute walk from metro station Zoloti Vorota
- Comfortable office facilities
- Medical insurance
- 24 days paid vacation
- Resumes are preferred in English

Company Overview

ASPEO, Inc. is a leading provider of IT consulting, outsourced software development, staff augmentation, and IT project management services. We offer an array of end-to-end solutions that address multiple business objectives. ASPEO's management team and consultants have years of experience developing solutions for customer self-service, content & document management, ERP, CRM, data warehousing, and more. Our solutions help our clients align their IT goals with their business strategy, empower growth, increase productivity, accelerate implementation cycles, and maximize return on their application investments.

With US headquarters in the New York Metropolitan area and a Global Development Facility located in Kiev, Ukraine, we enable our clients to take advantage of offshore cost savings, advanced technologies in solution design, and highly-skilled domestic project management resources. Our global delivery model speeds development, ensures quality and significantly reduces your cost. In short, we have the industry and technical expertise to empower innovation and accelerate your application development and integration.
